#POSH

Prevention of
Sexual Harassment

- Helps organizations create, develop and maintain a strong subculture of compliance and business integrity to enable peak performance.
- Supports organizations in the areas of legal contracts/compliance and POSH with specific emphasis on creating strong workplace cultures that emphasize on dignity in the workplace.
- The team comprising of legal and training facilitators has huge experience in handling and managing POSH related compliance, complaints, investigation, reconciliation and providing legal consulting with hands on support to SMEs & Large organizations.
- The delivery model combines practical case studies with insights that help in building investigative and interviewing skills through experiential learning. This approach helps organizations to establish, maintain and enhance a balanced and effective compliance program thereby demonstrating a commitment to a strong compliant and risk management culture.
